Freestyle Trampoline World Championships Officially Partners with Extreme Barcelona Action Sport Event for 2024

FOR IMMEDIATE RELEASE

Toronto, Canada - May 8, 2024: The Freestyle Trampoline World Championships is set to make history by partnering with Extreme Barcelona Action Sport Event for its 2024 edition.

Scheduled from September 13th to 15th, the world's only Freestyle Trampoline competition will touch down in Barcelona to crown the 2024 World Champions. This collaboration with Extreme Barcelona – brokered by The Sports Marketing Group (SMG) - marks a significant milestone, as it introduces a new World Championship to the event for the first time in its 15-year history.

The FTA, an organization uniting athletes and enthusiasts who embrace the freestyle element of sports, sees Extreme Barcelona as an ideal platform to showcase the remarkable talents of its young athletes and past Champions.

Part of the Urban World Series, Extreme Barcelona will integrate Freestyle Trampoline, one of the fastest growing action sports, into its line-up for this year. Parc del Fòrum will be the stage where top trampoline athletes from over 15 countries will compete for the coveted FTA World Championships title. With its rich history of hosting various freestyle-related sports and World Championships, including Olympic qualifiers, Barcelona promises to play host to another unforgettable experience for sports fans.

Featuring a custom EUROTRAMP™ 5 x 5 metre Freestyle Trampoline, and three judging criteria—Difficulty, Execution, and Creativity—the sport of freestyle trampoline demands technique, resilience, and unique combinations. Athletes will showcase stunning routines, aiming to impress an international panel of judges and secure victory in three categories: Men, Women, and Juniors (ages 13-15).

Toni Alvarez, Sports Manager of Urban World Series, expressed his excitement about the partnership: *"We are thrilled to introduce the FTA World Championships to Extreme Barcelona. This addition perfectly aligns with our urban sports essence, promising the audience a thrilling showcase of the world's best freestyle trampoline athletes."*

FTA Co-Founder and President, Greg Roe, added, *"We are excited to join the action sports family with Extreme Barcelona. This partnership provides a fitting platform to showcase the daring skills of our athletes."*

Prepare to be amazed by the incredible flips, twists, and daring manoeuvres performed on the EUROTRAMP™ Projects stage. With history in the making, the FTA World Championships promises an unforgettable experience for all.
